Fiber Patch Cords

All cables are factory terminated and 100% optically tested to meet or exceed industry performance standards. Lifetime warranty against defects in materials and craftsmanship. NetSource utilizes the most advanced testing and polishing procedures available.

Features & Benefits

- Available in all standard glass types including OM1, OM2 OM3, OM4, OM5 multimode, and singlemode
- Available using all industry standard connectors including LC, SC, ST, Angled Polish Connectors, and LC Uniboot Connectors
- Available in U.S. Made, Corning® Gold, and Net-Lite Series

EXAMPLE: FASMP-LCSC-15M

Options Type	Glass Type	Cable Type		Connector Type Side 1/2			Length
FA	SM	P	-	LC/SC		-	15M
G-Fa = Corning® Gold FA = U.S. Made NL = Net-Lite	XG = OM3 50um (Aqua) 4G = OM4 50um (Aqua) 5G = OM5 50um (Lime Green) SM = Single Mode (Yellow) 62 = OM1 62.5 (Orange)	No letter equals Riser P = Plenum Round Micro Distribution LSZH = Low Smoke Zero Halogen		FA = FC-APC FC = FC LA = LC-APC LC = LC LU = LC UNIBOOT SA = SC-APC SC = SC ST = ST	FA = FC-APC FC = FC LA = LC-APC LC = LC LU = LC UNIBOOT SA = SC-APC SC = SC ST = ST		Length in feet Add 'M' after number for a meter length

U.S. MADE FIBER PATCH CABLES

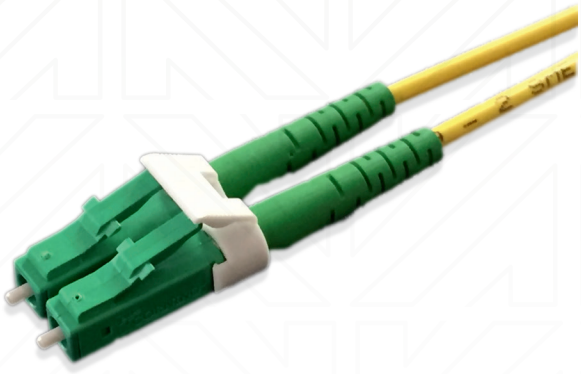
Our U.S. Made fiber optic patch cords utilize the same industry leading manufacturing processes handed down from Corning®. Made in the USA with high quality components, these cables are available in all types of connector configurations for both custom and standard length cords.

A variety of different jacketing options are available, including different colors and sizes. We will offer a system solutions warranty for customers purchasing fiber patch cords in our SOURCE+ Fiber Solutions system.

Fiber Patch Cords

CORNING® GOLD FIBER PATCH CABLES

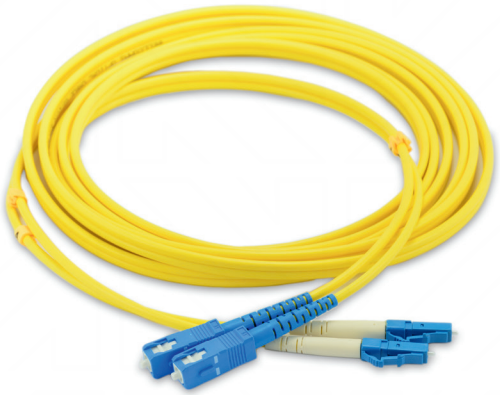
NetSource's association with Corning® Cable Systems in the CAH Gold Program enables us to provide high-quality Corning® equivalent fiber patch cables to complement a full Corning® warranty. These cables are manufactured in accordance with the high standards that have made Corning® #1 in the industry for decades. Able to be built to all custom lengths and specifications, these cables are always available with a timely turnaround.



CORNING CAH Connections℠ Gold Program

NET-LITE ECONOMY PATCH CABLES

NetSource's Net-Lite fiber jumpers are our most economical line of fiber patch cables. These are kept in stock and are often able to ship same day. Net-Lite jumpers are stocked in meter lengths between 1 and 30 meters. Custom lengths and specifications are available at the same economical price point and typically carry a 5-7 day lead time.



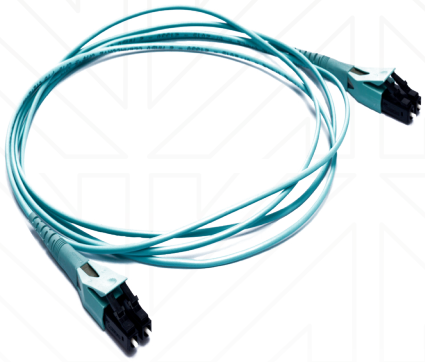
LC Uniboot Patch Cords

CORNING® LC UNIBOOT PATCH CORDS

Corning's® LC Uniboot allows you to manage polarity when and where you need it with a simple flip. These fiber patch cords are also backed by Corning's® 25-year warranty through the Gold Program.

Combine the above features with the NetSource commitment to fast delivery, quality products, and excellent service and you have an unbeatable combination.

- Brand you can trust
- Proven product reliability
- Small form factor connectors
- Single 2mm cable for 2 fibers to facilitate easier and better cable routing for densely populated areas
- Unique and rapid field polarity switching capability that allows changes without exposing the fiber
- Polarity identification features



CORNING CAH Connections™ Gold Program

LC UNIBOOT PATCH CORDS

LC Uniboots use a single boot and a round style 2mm or 3mm jacket instead of duplex zipcord cables, reducing cable size accommodating today's highly dense applications. The housing of the Uniboots allows it to be taken apart without any special tools to reverse or flip polarity without having to re-terminate the connectors. The uniboot connectors fits into any standard Duplex LC adapter.

- Compact design
- Polarity management
- No special tools required
